c. Next Of Kin (NOK) Notification For Air Force Civilian Employees: (30 MSS/DPCE, 6-5847). Have you updated your record? The terrorist attacks on the World Trade Center and the Pentagon highlighted the need for a dependable system that provides immediate access to emergency information in the event a federal employee becomes a casualty. In response, the Air Force developed a Civilian Emergency Data System (EMDS) web application that will provide casualty notification personnel immediate NOK contact information in case of an emergency. Employees use the EMDS to specify the names and addresses of a spouse, children, parents and/or other person(s) they want notified in the event they become a casualty, or in case of any other emergency. Updating emergency data in the EMDS is extremely important to ensure current information is available on each employee. Individual employees are the only ones who can access and update emergency data in the EMDS. Civilian Personnel Flight (CPF) representatives and the Air Force Personnel Center Casualty Notification Office (HQ AFPC/DPW) will have view-only capability, in case access to emergency data is needed. Employees are strongly urged to update emergency data in the EMDS and, also, ensure that supervisors have current emergency data information. The web address for updating emergency data is: <http://www.afpc.randolph.af.mil/emds/default.htm>. If you have questions or need assistance in accessing the site, contact your Employee Relations Specialist in the Civilian Personnel Flight at 6-5847.
